Steve Simpson

STEVE SIMPSON - PREFERRED EVENT AND AV GUIDANCE

Steve's sessions are highly interactive. The following setup helps create the best audience experience:

- A wireless headset or lapel microphone
- A connection for Steve's laptop to the data projector and the sound system
- A presentation screen clearly visible throughout the room
- A confidence monitor where available
- Flip chart paper and pens on each table
- A clear stage with room to move and engage with the audience
- Direct contact with the event producer before arrival

Final requirements should always be confirmed directly with Steve for your venue and session.
